

Event Organizer

e-Ticket Mechanism

TicketsLK eliminates the use of physical tickets. After the payment is made online, Customers are directed to an e-ticket which they are requested to print and present to the counter located at the relevant event, the e-ticket contains a unique reference number, name, NIC or Passport number with the event details and number of tickets purchased.

The TicketsLK system would grant access to the Event Organiser, to log-in and keep a track of online sales through the TicketsLK system, which all above reservation details of online purchasers could be obtained.

Advantages

Your box office is open 24/7:

If you sell tickets online, customers or potential attendees won't have to wait for a specific time to make a transaction, drive around and find a parking space or make a phone call to purchase your event tickets.

Eliminate excessive fees:

As an organization, if you use TicketsLK to sell tickets online, you will not have to give your well deserved proceeds away to other services that charge a flat fee irrespective of the number of tickets sold. You pay only for tickets sold.

Less administration hassle:

If you sell tickets online, you will eliminate administrative headaches that come with using other ticket broker methods. No more spending endless hours following or managing ticket sales.

Marketing Made Easy:

Lets you Share, Facebook Updates & Promotional Offers – all at the click of a button. Always be sure that everyone who needs to know about your event is kept in the picture.

Simply put, TicketsLK makes everything easier for you as an event host. "We help grow your event, grow your attendee list, grow your exposure and grow your earnings".

Expected From Event Organizers

Minimum of 5 free tickets/passes for TicketsLK promotions.

TicketsLK logo on all forms of advertising carried out by the Event Organizers and will have TicketsLK as the Exclusive online ticket partner for the event.

Please reach us on **077 239 0000** or email us on support@ticketslk.com to proceed with the Service agreement!

Billing & Fee Settlement

- TicketsLK IPG (Internet Payment Gateway) Accounts will collect all payments made by the customers and TicketsLK will pay the dues to Event Organisers on the coming Thursday after the event.
- TicketsLK shall charge the Consumer the face value of the ticket. The Client shall bear a commission for each successful transaction.
- to get more details about the commission packages please contact our TicketsLK team.

TicketsLK Offline Ticket Distribution Channels:

Apart from the online reservation portal we have given the convenience to customers to procure tickets from our branch network.
